

## Assembly Picture

## Assembly Instructions

**Carefully unpack all parts before attempting to assemble.**

Step 1: Attached the KD back to the base frame by aligning the mechanism receivers with the mechanism post.  
 Step 2: Press both sides of the back firmly into place. The back automatically locks into place.  
 Step 3: Connect C with D, then Connect E with F , Finally connect F with a power source  
 Step 4: Attached the outside back along the bottom rear of the base frame with pre-attached velcro
