INCLUDED PARTS

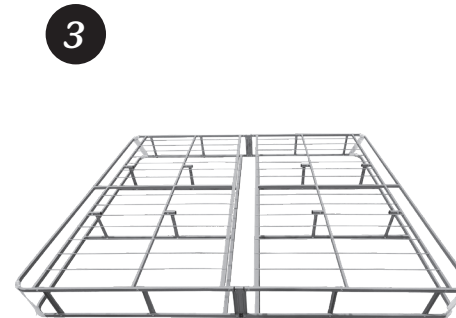

- 1 pc. metal folding foundation
- 1 pc. foundation cover

Remove metal folding foundation from the carton and place flat on the floor.

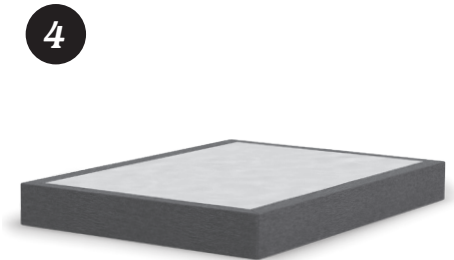

Unfold foundation so that it is flat on the floor.

Carefully lift the foundation and flip over so that the wire grid support system is facing up.

If you do not wish to use the included cover, your Metal Folding Foundation is now ready to use.

If you would like to use the included cover, carefully stretch cover over all four corners and zip all around.

Your Metal Folding Foundation is now ready to use!
