#2

#3

Diagram 2

Assembly Steps

1. When each piece of bookcase is used alone, attach male connector of the power switch (A) to a wall plug. (See Diagram 1)
2. Touch dimmer is at the inside of right post.
3. If you want to bunch two or more bookcases together, place them all side by side in a desired location.
4. Leave male connector of the light (C) and female connector of power switch (B) for the first bookcase (#1) as it is. Keep male connector of the light (C) and female connector of power switch (B) off for the rest bookcases (#2, #3, and so on). (See Diagram 2)
