## Custom Finish Options (To view a complete set of finishes, see the accompanying brochure)

**Overview:** LA Workshop reflects our customizable resource of domestic product. Each item is built here in America to our standards of design and construction. All items are available in any of our LA Workshop Custom Finish Options unless otherwise noted in the price list. LA Workshop designs are constructed primarily of ash solids and veneers. The natural beauty of the grain pattern will be visible under most finishes.

**Hardware:** Where hardware is shown on an item there is a choice of finish, Polished Brass or Polished Nickel. In addition to the primary wood finish or finishes specified, please be sure to also specify the hardware finish required.

Within this Finish selection there are three levels of finishes varying in application time and difficulty. The complexity of the finish is reflected in the terms Standard, Premium, and Artisan.

**Combination Finishes:** The two digit code for a combination finish is -00. This code should be followed with the two finishes desired and their application. The pricing for combination finishes are either at the Premium or Artisan Price as reflected in the price list by item.

**Color Match Program:** Choose a paint color from any paint manufacturer and we will Color Match it to your custom order.

The suffix code for a Color Match item is -CM. Color Match items are priced at the Premium level. To Color Match an item, simply provide us with the Paint Company, Paint Name and Number, and attach a finish chip to your purchase order.
