MADE TO ORDER®:

experience the luxury of getting exactly what you want

At Hickory Chair we take great pride in creating personalized pieces to order. We encourage you to select from our extensive assortment of stain and painted finishes in one of our techniques. Consider personalizing your piece with hand painted decoration from our artists. Select knobs, pulls and casters from our extensive Customer's Own Hardware® program. Our craftspeople encourage you to submit special construction requests for customization. They take great pride in knowing the piece they make for you may be the only one ever made in that configuration.

As you peruse the following pages of optional finishes, techniques and decoration as well as the hardware options, we invite you to think creatively. Visit our online design center where you can visualize finish, hardware and door panel options. Once you describe your vision our craftsmen will be standing by ready to make your personalized piece to order.

Wood Finish Options

Stained and painted wood finishes are designed to accentuate the natural characteristics and beauty of the wood while achieving a particular look and palette. Due to the unique nature of each species, color and grain pattern variations should be expected which enhance and accentuate the individual qualities of each item.

Similarly, our antique finishes are hand applied by skilled artisans utilizing special tools and techniques to replicate authentic distressing and character markings as found on antiques. Every piece of wood will speak its own individual language.

Please note that striping colors may look different on each base finish.

Special Finishes

Artisan Parchment, Rustic Black with Decoration, Rustic Vermillion with Decoration, and Scrubbed Ash have been developed for specific items. You may contact Hickory Chair for Special Construction consideration for use on other wood and upholstered items.

Custom Finishes

Hickory Chair offers custom application of finishes you send us to many wood products as a price per quote option. Contact your Customer Service representative for a Special Construction "Match Panel" quote.

SPECIAL CONSTRUCTION

We welcome your special requests for custom dimensions, detailing and configurations. While many consumers and designers make only minor adjustments to our furniture — such as specifying a fabric, changing hardware or finishes — others collaborate with our woodworking and upholstery experts for something even more personal. From custom dimensions to elaborate interpretations and adaptations, our artisans welcome these special requests for personalization. The result is hand-crafted, one-of-a-kind furniture: sideboards reconfigured as a television console, carved poster beds reimaged as an upholstered headboard, chairs or loveseats made as a sophisticated sectional. We are committed to the idea that each frame and design is simply a starting point. Have a vision for furniture that's truly unique? We would be honored to help make that vision a reality.
