MICHAEL BERMAN

"Southern California Style"

Renowned designer Michael Berman has completed residential interior projects from New York to Los Angeles for an enviable client list made up of the business and entertainment worlds' elite and hospitality design for The Fairmont Hotel Group. Berman's products and interiors reflect his interest in history, art, architecture and nature. Michael's work strikes an uncommon balance between timeless style and an of-the-moment relevance.

Inspired by comfort, American Modernism and simplicity of form, his design resonates with Design Industry colleagues. Berman is Founder and Principal creative visionary behind Michael Berman Limited; a multi-faceted design firm focusing on Interior, Furniture, Textile and Product Design for the Design Industry. Bronze Studio, Berman's Los Angeles based home furnishings showroom carries his complete line of home furnishings, vintage finds and accessories. Berman's work has appeared in most industry shelter

magazines including Elle Décor, Traditional Home and Architectural Digest.

Califolio, Michael's collection for Theodore Alexander includes clean lines, modern shapes, softly tailored upholstery and well scaled occasional pieces accompanied by unique finishes and a color palette which communicates the light airy style of southern California living. The combination of finishes in the collection is much like its inspiration, a perfect mix of glamour and simplicity. "To dress the collection we've selected lush textiles that cool the skin, warm the heart and dazzle the eyes," adds Berman. "Each piece is designed to be used individually or in a suite of furnishings. There is a thread that runs through this collection that incorporates my modernist influence and credo: restraint, quiet luxury and effortless comfort."

Signature items include the Collins Dresser in streamlined solid oak, the Balboa Bookcase in ultra-suede, lacquer and oak, and the Flint Table.

APPEARANCE

All Theodore Alexander products are manufactured to the highest standards from natural materials and with the utmost care and attention to detail. Whilst we make every effort to accurately reproduce the colours of the furniture illustrated, differences in texture, grain and colour are inherent in all natural woodwork and should be expected as the individual characteristics of materials used. Variations in these qualities are not manufacturing defects and will not be accepted as such for the purpose of claims. Some changes in colour or texture may occur during the life cycle of the product, particularly in leather, wood and veneer.

All exposed surfaces of Theodore Alexander furniture are prepared, sanded and finished, even though at times they are not visible. This includes the undersides, the back and the inside of the drawer boxes amongst others.
