

NEST

The Ease Collection

Nest is a collection of interchangeable ottomans, bumpers, floating pillows and arms that can be mixed and mingled to create infinite configurations. Like arranging a set of blocks, there's no limit to the possible combinations—and that's the fun part. Yes, you can assemble these bumpers and floating pillows any way you want. And no, there's no wrong way to do it. Nest pushes the boundaries of design and explores a new approach to seating that can be customized to the space and driven by your imagination. Innovative by design, these extraordinary pieces are an extension of the Ease collection; add them to your favorite Ease upholstery or design your own tailor-made ensemble. Contrast your bumpers and floating pillows or coordinate them, it's up to you. Style your Nest with your favorite fabric and finish options to make it truly your own.
